

The Missing Link to Immediate Fixed Implant Treatments

Do you ever feel like there must be a secret to mastering fixed implant treatments (such as the All-on-4® Treatment Concept, ProArch® or hybrid solutions) that you're just not aware of? Why are some dental professionals able to incorporate this treatment into their practice with what seems like such ease, while others haven't had one patient accept treatment, even after taking numerous courses on the subject?

3 day
WORKSHOP
\$749+tax

This workshop was built specifically to show you how each aspect of this complex procedure links together by working with a TEAM to get you the results that you want. Our goal is to increase your patient acceptance for fixed implant cases by showing you what each professional is responsible for throughout the process, as well as training you on the 'ins and outs' of these progressive treatments.

If you would like to avoid the lengthy and costly learning curve associated with this procedure then sign up for our informative workshop today.
